3. Bypass the copper from the pump to kitchen and bathroom.
4. Finish installing the sump pump.

Treasury Report: Current balance \$13,769.53 . With additional funds going in we will have over \$14,000. We will need to take \$5000 out to pay for the recent building assessment.

Rick became a lifetime member . Lifetime memberships are available to officers and the board members for \$100.

We will be putting together the fall newsletter to go out in November, which will include a recap of our first, annual Shiverwalk, a reminder about dues and other stories about the town.

There was a discussion about having a lit Christmas Tree , both inside and outside of the museum this year with a possible gathering for hot chocolate and caroling.

Sarah presented a list of things still needed for Shiverwalk, including more tombstones and carved pumpkins.

Rick will pick up the dry ice in Bangor.

(There was a brief meeting in September). Notes are available.

The meeting adjourned at 8:00 PM.
