

Cherryfield Narraguagus Historical Society   Minutes   6/17/2025

The meeting was held at Peter's house and began at 6:45.

In attendance: Crystal Hitchings, Denise Lavoie, Rick Harter, Peter Duston, Sarah LaSagna and Kelley Wescott

Rick discussed future plans for a ghost tour around the town called Shiver Walk. The narrator will tell the ghost stories associated with the house or location the group is passing by.

Crystal knows someone who may have the time to replace the sill by the bulkhead and install a new bulkhead.

The group discussed the cost of the house insurance for the museum. Crystal was going to look over the current policy to see what is covered and we will look into more affordable alternatives.

There was a discussion about getting a home equity loan or line of credit on the museum so that all the pressing repairs could be done sooner rather than later.

Crystal and Sarah will get some items from the museum to have at the Legion Hall tent on Cherryfield Days.

Denise has a new ink jet printer that she will donate to the Legion Hall.

The mold concerns were discussed and plans will be made to address them.

Fox would like to discuss display plans for the first floor at the next meeting.

The group agreed to spend the money to have the sill work and bulkhead installation completed. It is the priority.

The meeting was adjourned at 7:50 PM.
